BioHorizons Camlog celebrates a combined 55 years of making connections

With BioHorizons' 30th and Camlog's 25th anniversary, BioHorizons Camlog can look back on a successful journey of making dental connections and consistently gaining influence in dental implantology through high-quality solutions.

Basel, Switzerland – 3 July 2024. The BioHorizons and Camlog Group of Companies (BioHorizons Camlog) a pioneering force in implantology, is delighted to celebrate its 30th and 25th anniversary respectively with the 30|25 birthday campaign. Since its humble beginnings in 1994, BioHorizons Camlog has consistently pushed the boundaries of innovation, transforming the implantology landscape.

Bianka Wilson and Steve Boggan, co-CEO's of BioHorizons Camlog agreed that the Company's journey from two startups in the U.S. and in Germany, respectively, to a global industry leader has been nothing short of remarkable. Bianka Wilson said: "This milestone is a testament to our unwavering commitment to excellence as well as a tribute to our dedicated team and loyal customers who have been instrumental in our success." Steve Boggan also added: "The Making Connections theme refers to best-in-class connections and this remarkable community of customers and team members."

BioHorizons Camlog's journey has been marked by significant milestones that have shaped its identity and fueled growth:

- 1994** This year marks the birth of BioHorizons, founded by visionaries Dr. Carl Misch and Martha Bidez Ph.D. with Steve Boggan and COO Todd Strong joining shortly thereafter.
Camlog is acquired by Dr. Axel Kirsch, the foundation of Altatec Medizinische Elemente GmbH marks the origin of the company to become known as Camlog.
- 1996** BioHorizons files for its first patent, underscoring the commitment to innovation.
- 1997** The first product is introduced by BioHorizons – the Maestro implant, setting new standards in the industry.
- 1999** Camlog introduces its CAMLOG implant system.
- 2000** BioHorizons enters into the field of biomaterials with exclusive partnerships with Osteotech (now part of Medtronic) and LifeCell (now part of Abbvie).
- 2004** Basel, Switzerland becomes the headquarters of Camlog.
BioHorizons releases MinerOss cortical and cancellous chips.
- 2007** BioHorizons releases the Tapered Internal Implant System featuring Laser-Lok surface technology.
Camlog introduces the CONELOG Implant System.
- 2013** Camlog launches its iSy Implant System.
- 2015** BioHorizons creates Vulcan Custom Dental as a digital dentistry subsidiary.
- 2017** Camlog launches CERALOG its first Ceramic Implant System.
- 2018** Henry Schein acquires BioHorizons, which becomes part of the Company's Global Oral Reconstruction Group.
Camlog and BioHorizons start their cooperation and the BioHorizons Camlog brand is formed.
- 2019** BioHorizons Camlog launches the Tapered Pro Implant System.

- 2020** BioHorizons Camlog brings the Progressive-Line Guide system and FLEXkit to market.
- 2023** The Tapered Pro Surgical System and Striate+ were introduced.
- 2024** BioHorizons Camlog launches the Tapered Pro Conical implant line and expands the Camlog iSy line.
- 2024** BioHorizons Camlog celebrates 30|25 years of making connections.

During these 30 years, BioHorizons Camlog has expanded geographically and has opened or acquired sales companies or branches in Austria, Canada, Chile, China, France, Italy, Japan, Mexico, Singapore, Spain, the Netherlands, and the United Kingdom. The Company also distributes its products in over 80 additional countries.

As Prof. Katja Nelson, Freiburg, Germany aptly put it: “Opportunities don’t happen. You create them. BioHorizons Camlog has been creating opportunities in implantology for together 55 years. Improving constantly and changing patients’ lives for the better.”

“It’s with gratitude for the trust and support of our customers, partners, and employees that BioHorizons Camlog celebrates this significant milestone. We remain committed to pushing the boundaries of innovation and delivering exceptional value to our customers in implantology,” Steve Boggan added.

About BioHorizons Camlog
